Whilst it is necessary for School Fees etc. to increase every year to keep pace with salaries and escalating costs of essential services, every effort is made to keep the increase as low as possible. The Finance Committee spends a considerable time each year evaluating all areas of income and expenditure in order to make the best possible decision for the benefit of all our families. It is therefore essential that ALL families whole-heartedly support ALL Fund Raising efforts, as without these, School Fees would increase by a far larger percentage. In order for us to keep within our budget, it is vitally important for all parents to keep their school fee payments up to date.

Our School Fees compare very favourably with most Government Schools and are far below those of private schools and our dedication and commitment to education is of a very high standard.

Yours sincerely  
On behalf of the School Board
